## 2. Achievements of this fiscal year

### Major achievements 2005.4–2006.3

1. APAN Medical WG: formal approval
2. P&P project budget
3. Homepage of APAN Med & AQUA
4. New connections and many events
5. Universal security: IPsec
6. DV10 connection
7. New team flag
8. Ethical Committee approval revised

Here is a list of major achievements in this fiscal year.

## APAN Working Groups

● Access Point  
■ Exchange Point  
— Current Status  
--- 2003 (plan)

**Members**

**2005.8: APAN-Taipei**  
Medical WG was formally approved.

**APAN** Asia-Pacific Advanced Network

**Application Technology**  
Education WG, HDTV WG, Multimedia WG, eScience WG

**Network Technology Area**  
IPv6 WG, Measurement WG, Satellite WG, Lambda BoF, Security WG, SIP H323 WG

**Network Research Group**

**Natural Resource Area**  
Agriculture WG, Earth Monitoring WG, Earth System WG

Medical Working Group was formally approved at APAN-Taipei in August 2006.

The first members of APAN Medical Working Group.

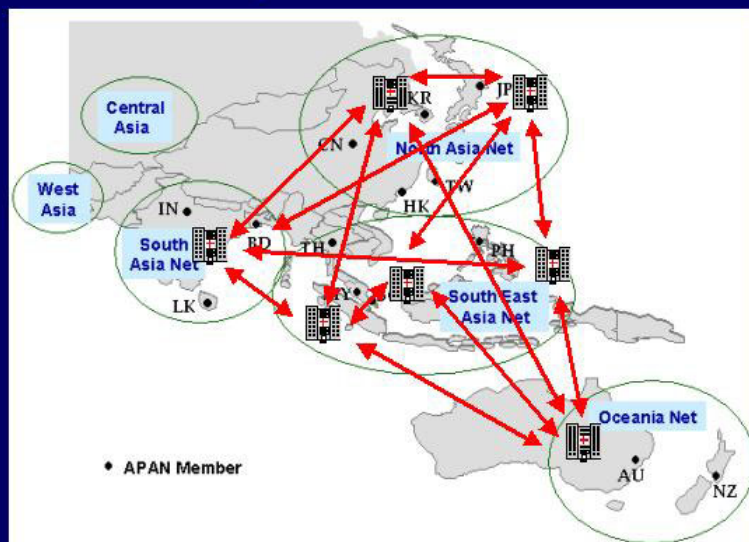

### *Goals of Medical WG*

1. To combine medical team and engineering team.
2. To expand our system in Asia-Pacific regions.
3. To improve the system with developing technology.
4. To let medical people take advantage of broadband telecommunication for exchanging their knowledge and techniques in high-quality.
5. To obtain medical standardization and to provide patients with better healthcare.

This summarizes the goals of APAN Medical Working Group.

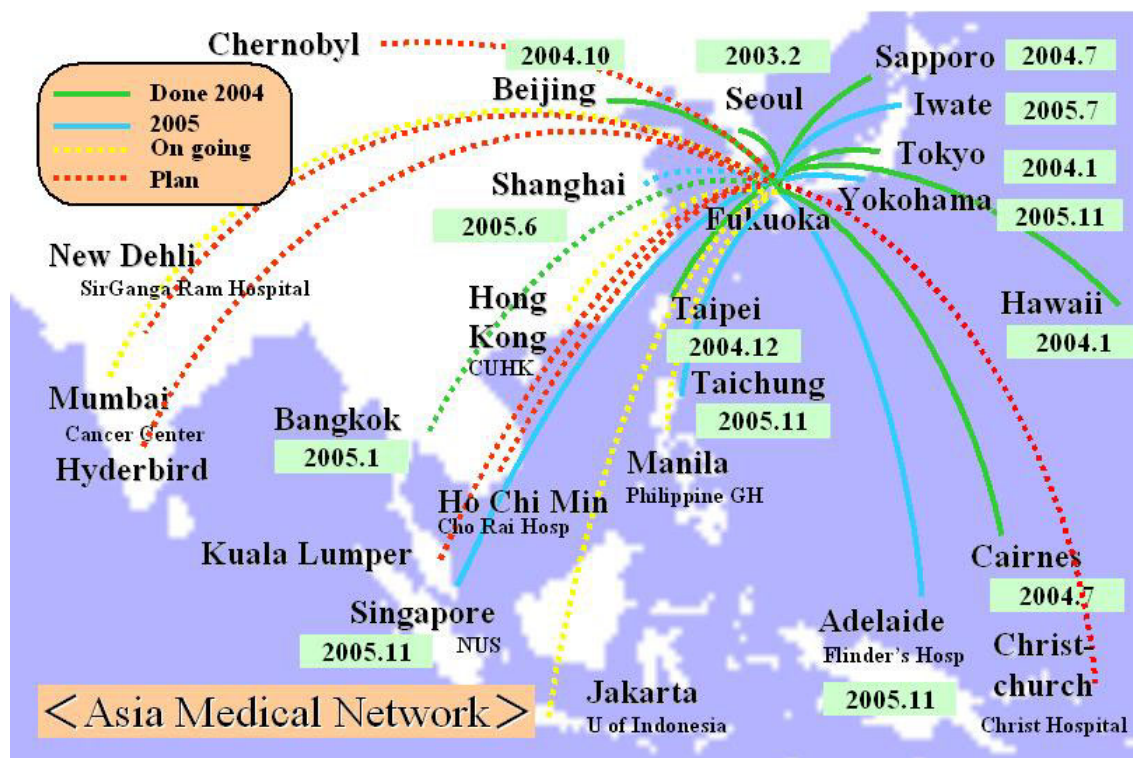

## Future style of medical network

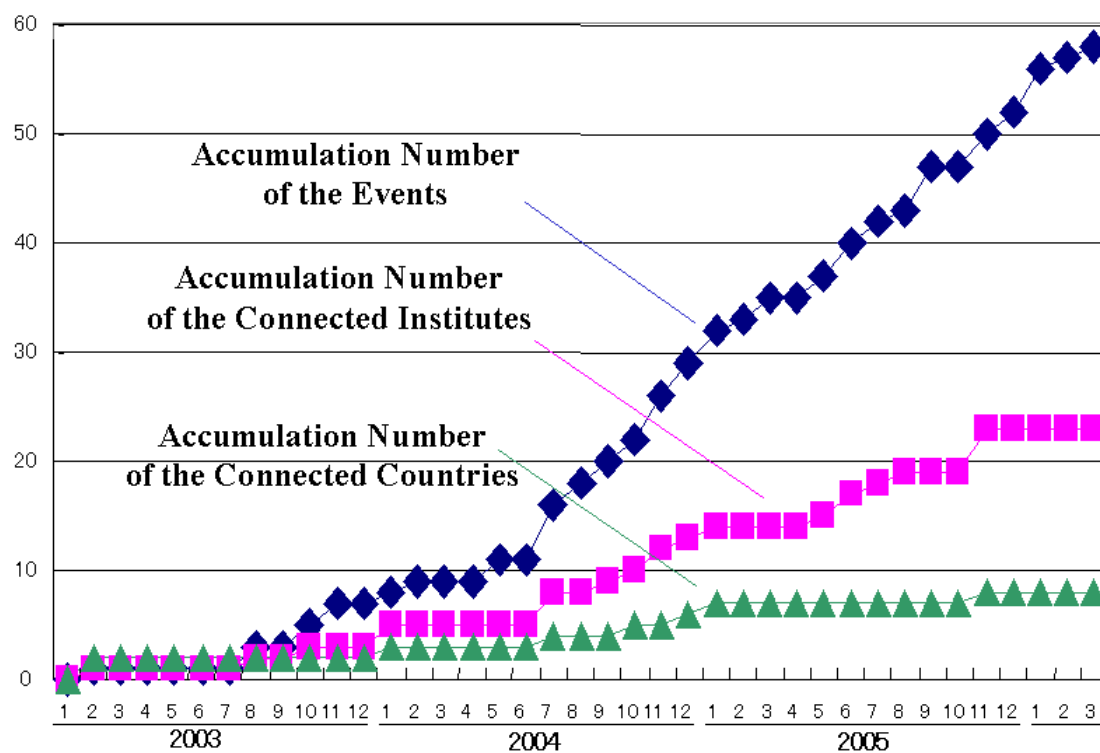

Doctors join the broadband network at anytime from anywhere.

This illustration shows the future style of medical telecommunication network.

Undergoing medical network in Asia-Pacific regions.

## 2. Achievements of this fiscal year

Increasing numbers of our activities.

The snap of 10-station connection for laparoscopic surgical teleconference.

The team flag for AQUA was designed by Torata in August 2005.

The homepage for AQUA became open in June 2005.
