BULLETIN OF MATHEMATICAL STATISTICS

EDITED BY RESEARCH ASSOCIATION OF STATISTICAL SCIENCES

VOL. III, NO. 1~2.

1949

CONTENTS

Articles

- C. Hayashi: Sampling Design in Literacy Survey..... 1
- Y. Kondo: A Revise of the Statistics of Rice Production for 1947
and 1948..... 11
- R. Kubo: Diffusion of Particles in a Scattering Medium (Probability
Distribution of the Randomly Additive Quantities)..... 23
- T. Kawata: On the Convergent Infinite Convolutions..... 32

Notes

- S. Hishinuma: Some Contribution to the Analytical Theory of Popu-
lation..... 42
- M. Ogawara: Analysis of Vector Time Series..... 46
- S. Moriguti: An Example of Sequential Inspection Plan..... 50
- Z. Yamauti: Estimates of Mean and Standard of a Normal Distri-
bution from Linear Combinations of Some Chosen Order
Statistics..... 52
- M. Hirata: Research in a View-Point of Probability on the Breaking
Strength of Glass..... 57
- Y. Kawada: On a Proof of a SAKAMOTO-CRAIG's Theorem and its
Applications..... 61
- Y. Kawada: On a Characterization of n -Dimensional Normal Distribu-
tions..... 66

Review

- K. Takahashi: Two Examples of Small Sampling Statistics in Meteo-
rology..... 68
