Contents

Existence, nonexistence and some asymptotic behaviour of global solutions of a non— linear degenerate parabolic equation.....	Mitsuhiro NAKAO.....	1
Localization of global existence of holomorphic exact forms with complex parameters.....	Joji Kajiwara and Seiko Ohgai.....	23
Quasi-ideals in near-rings.....	Iwao YAKABE.....	41
Note on Stein neighborhoods of $C^* \times R^l$	Hideaki KAZAMA.....	47
Existence of strong and smooth periodic solu- tions of some nonlinear evolution equations.....	Hisako Kato and Mitsuhiro NAKAO.....	57
Correction to “The minimal essentially complete class of symmetric exact designs with k factors on the quadratic response surfaces”.....	Koji SAKAGUCHI.....	89
