CONTENTS

58 years with the coastal oceanography - from the tide-induced residual flow to the Satoumi - By Tetsuo YANAGI.....	1
Papers of Tetsuo YANAGI	17
Seasonal characteristics on the wave-induced sediment resuspension potential off the Mekong River Delta, Vietnam By Katsuto UEHARA and Yoshiki SAITO.....	31
Temporal and Spatial Variability of Sea Surface Temperature within Indonesian Regions Revealed by Satellite Data By Suhendar I SACHOEMAR and Tetsuo YANAGI.....	37
Simulation of tidal currents and nonlinear tidal interactions in the Seto Inland Sea, Japan By Xinyu GUO, Koichiro HARAI, Atsushi KANEDA and Hidetaka TAKEOKA.....	43
Dispersive Wave and Airy Function By Yutaka ISODA, Ryouyuke MORIE and Saki OHTA.....	53
Research Workshops in the Research Institute for Applied Mechanics, Kyushu University By Toshiya HASHIMOTO.....	59
Overview of the Productions by Joint Research of RIAM with Prof. T. Yanagi By Mitsuru HAYASHI.....	67
Relationship between outgoing total heat transfer rate and dislocation density, residual stress in multicrystalline silicon for solar cells By Satoshi NAKANO, Bing GAO, Hirofumi HARADA, Yoshiji MIYAMURA and Koichi KAKIMOTO.....	73

Seasonal variation of particulate organic nitrogen in the Tsushima Straits By Goh ONITSUKA, Atsushi WATANABE, Akihiko MORIMOTO, Tetsutaro TAKIKAWA, Masatoshi MOKU and Tetsuo YANAGI.....	79
Visualization Study of fishermen's implicit wisdoms By Satoshi NAKADA, Nobuyuki KUKIMOTO, Koji KOYAMADA, and Sei-Ichi SAITOH.....	83
Comparisons of the sea surface dynamic height variations in the Tsushima Strait in 2011 winter determined by tide gauges and the ferry-mounted GPS By Kaoru ICHIKAWA, Kazushi MOTOMURA, Ken-ichi FUKUDOME and Jong-Hwan YOON.....	93
Development of the remote management system for GPS drifting buoy and observation of the vertical structure of horizontal divergence / convergence in Ariake Bay By Daisuke ISHII and Tetsuo YANAGI.....	99
Reproducibility of Complicated Turbulence Flow by Using Commercial CFD Software - In the case of three-dimensional isolated-hill with a steep slope - By Takanori UCHIDA and Graham LI.....	107
Computation of Airflow for Space Rocket Launch By Toshiya SAITO, Takanori UCHIDA and Ryo ARAYA.....	121
