CONTENTS

| | |
|--|----|
| Unique phenomena associated with tungsten and plasma particles in fusion reactor By Kazuhito OHSAWA..... | 1 |
| New Wind Speed Vertical Extrapolation Method by using Power Law in Offshore Wind Observation: Part1 By Takanori UCHIDA..... | 4 |
| New Wind Speed Vertical Extrapolation Method by using Power Law in Offshore Wind Observation: Part2 —Numerical investigation of the offshore wind energy in the Hibikinada region— By Takanori UCHIDA..... | 12 |
| Large-eddy simulation of airflow over complex terrain aiming at optimal placement method examination of wind turbines —In the case of the kushikinoreimei wind farm— By Yasushi KAWASHIMA and Takanori UCHIDA..... | 24 |
