SHORT COMMUNICATION

**A Correction to “Taxonomic Study of the Japanese Species  
of the *Nomada ruficornis* Species Group (Hymenoptera, Apidae)  
with Remarks on Japanese Fauna of the Genus *Nomada*”**

On the taxonomic revision of the Japanese species of the genus *Nomada* (Mitai & Tadauchi, 2007), the present author intended to synonymize *Nomada yagensis* Tsuneki, 1973 with *Nomada panzeri orientis* Tsuneki, 1973. However, the name of *N. yagensis* was not listed as a new synonymy under *N. panzeri orientis* in the paper due to utter carelessness. Here, the revised synonymic list under *N. panzeri orientis* is proposed as follows:

***Nomada panzeri orientis* Tsuneki, 1973**

*Nomada panzeri orientis* Tsuneki, 1973, Etizenia, 66: 68-72 [Holotype: Female. Type locality: Sanjuhassa, Fukui Pref., Honshu, Japan]; Alexander & Schwarz, 1994, Univ. Kansas Sci. Bull., 55: 251 [in list].

*Nomada sabanensis* (male) Tsuneki, 1973, Etizenia, 66: 60-62.

*Nomada floricola* Tsuneki, 1973, Etizenia, 66: 78-79 [Holotype: Female]; Alexander & Schwarz, 1994, Univ. Kansas Sci. Bull., 55: 247 [in list].

*Nomada yagensis* Tsuneki, 1973, Etizenia, 66: 95-96 [Holotype: Female]; Alexander & Schwarz, 1994, Univ. Kansas Sci. Bull., 55: 253 [in list]. **Syn. Nov.**

*Nomada nunobensis* Tsuneki, 1986, Spec. Pub. Jap. Hym. Assoc., 32: 50 [Holotype: Female]; Alexander & Schwarz, 1994, Univ. Kansas Sci. Bull., 55: 253 [in list].

I thank Mr. H. Takahashi (Tokyo) for his kind information about *Nomada yagensis*.
