JOURNAL OF HEALTH SCIENCE

Vol.33

CONTENTS

REVIEWS

- Acute stress and cardiovascular disease: reference to autonomic nervous stress responses and physiological stress markers**
Masahiro IRIE 1
- Current situation and issues of university physical education in China**
Xue Lian WANG and Yoshio SUGIYAMA 13

ORIGINALS

- Reliability and validity of the reversed Mood Check List-short form 2 (MCL-S.2) measuring the positive mood state following exercise**
Kimio HASHIMOTO and Masahiko MURAKAMI 21
- Effect of stress and relaxation on salivary alpha-amylase activity in university students**
Masahiro IRIE and Hideaki FUKUMORI 27
- Relationship between occupational stress and lifestyle factors and salivary alpha-amylase activity among Japanese office workers**
Masahiro IRIE, Megumi KOJIMA and Kyoko MORI 33
- Longitudinal intra-individual variation of salivary alpha-amylase activity and its relation to perceived psychological stress**
Masahiro IRIE, Megumi KOJIMA and Kyoko MORI 39
- Dietary consciousness and behavior of different competitive level college athletes**
Ryohei OBARA, Atsushi SAITO and Takako KOSHIMIZU 47
- Evaluation of the development of motor ability in boys (from 2 to 5 years of age) by an allometry analysis**
Takehira NAKAO, Atsushi SAITO, Tetsuro OGAKI and Shuichi KOMIYA 53
- Estimate of the Body Fat in Nepalese Children by Their Body Mass Index**
Takehira NAKAO, Shuichi KOMIYA, Teru NABETANI, Atsushi SAITO and Tetsuro OGAKI 63

REPORT

- Epidemiological study toward constructing a mental health care system on campus: summary of the study design**
Naoyuki HAYASHI and Shuzo KUMAGAI 69
- Epidemiological study toward constructing a mental health care system on campus: study design and method**
Aki NOZU, Naoyuki HAYASHI and Shuzo KUMAGAI 75
- Epidemiological study toward constructing a mental health care system on campus: physical activity and dietary intake**
Yu NOFUJI, Sachiko YAMASHITA, Naoyuki HAYASHI and Shuzo KUMAGAI 79
- Epidemiological study toward constructing a mental health care system on campus: depression**
Shigemi TAKAYANAGI, Hideaki FUKUMORI, Atsushi ICHIMIYA and Shuzo KUMAGAI 83
- Epidemiological study toward constructing a mental health care system on campus: sense of coherence**
Shigemi TAKAYANAGI, Hideaki FUKUMORI, Atsushi ICHIMIYA and Shuzo KUMAGAI 87
- Epidemiological study toward constructing a mental health care system on campus: QOL**
Hideaki FUKUMORI, Atsushi ICHIMIYA, Shigemi TAKAYANAGI and Shuzo KUMAGAI 91
- Epidemiological study toward constructing a mental health care system on university campus: summary and prospects of the study**
Shuzo KUMAGAI and Atsushi ICHIMIYA 97
