Entomological Laboratory, Faculty of Agriculture,
Kyushu University, Fukuoka 812, Japan

Contribution Series 3, Entomological Laboratory, Faculty of Agriculture, Kyushu University started in 1972 when I was appointed Professor of Entomology and took over the chairmanship of that laboratory. From that time, more than 300 papers (about 30 now in press) will have been published until the end of March, 1989 as listed below. I am proud that we were able to publish so many interesting papers to contribute to entomological knowledge during the last 17 years of my professorship.

I thank Dr. O. Tadauchi, Dr. K. Ogata and Mr. Y. Abe for their assistance in preparation of the manuscript of this Index.
