Acknowledgments and Disclosure Statement

The authors are sincerely appreciative of the kind cooperation and expertise in network preparation of the entire medical and engineering staff at all involved universities, institutions, and organizations, with special thanks to the Kyushu Electric Power Company for their support of the local set-up at Kyushu University Hospital and to the APAN-NOC team for their network preparations. This project was funded in part by Grant-in-Aid for Scientific Research of the Japan Society for the Promotion of Science (JSPS), and by Special Research and Education Fund of the Ministry of Education, Culture, Sports, Science and Technology, Japan.

Kyushu University has established a disclosure management policy and a special rule for clinical research in the medical campus. This project strictly follows these guidelines and the activities are restricted within these limits. Our budget is mainly based on the funds listed above, but we also received research and education grant from Abbott Vascular Japan Co., Ltd. and Boston Scientific Japan K.K, which was used totally to facilitate these academic activities and fulfill our research and educational purposes. No personal support was given to any of our members, and there is no conflict of interest or financial ties to disclose. No other competing financial interests exist. For further details, please refer to Advanced Medical Center in Kyushu University Hospital or Intellectual Property Management Center of Kyushu University.
