Figures and Tables

Figures

1.1	Japanese	2
1.2	Ryukyuan languages	2
2.1	Maps of Japanese Archipelago	26
2.2	Different situations of deictic reference	42
3.1	The location of Iheya	59
4.1	Location of Kin and Namisato	92
5.1	Map of Ryukyuan (Shimoji 2010: 3) and Aragusuku	124
6.1	The location of Shiraho	156
6.2	Falling-1: /mizi/ ‘water’	158
6.3	Falling-2: /nabi/ ‘pan’	158
6.4	Level: /ami/ ‘rain’	159
7.1	Map of Aomori prefecture and Noheji town (light gray part: Nambu region)	188
7.2	Vowel space (Nakagawa 2021: 43)	191
7.3	Vowel space of /e/ vs. /ɛ/, indicated as E (op. cit.: 46)	192
8.1	Nita area	227
9.1	Yanagawa	262
10.1	Shiiba village	294

Tables

1.1	Descriptive format for each chapter	5
1.2	Alignment patterns of Shiiba	17
2.1	Consultants	27
2.2	Vowels	28
2.3	Consonants	28
2.4	Phonetic realizations of alveolar plosives and affricates	29
2.5	Two-way accentual distinction among verbs	30
2.6	List of pronouns	32
2.7	List of numerals and numeral prefixes	33
2.8	List of inflectional suffixes	35
2.9	Types of inflection	35
2.10	Internal structure of the verb	36
2.11	Demonstratives	41

2.12	Cases	44
2.13	Alternation of <i>ga</i> and <i>nu/no</i>	45
2.14	Strategies of negation	52
3.1	Vowels in Iheya	60
3.2	Consonants in Iheya	60
3.3	Iheya pronouns	65
3.4	Iheya numerals	68
3.5	Base alternation in consonant-base verbs	68
3.6	Verbal inflection	70
3.7	Iheya demonstratives	73
3.8	Iheya interrogative words	74
3.9	Case particles in Iheya	75
3.10	Auxiliary verbs in Iheya	77
4.1	Chart of consonants and glides	93
4.2	Tone assignment of nominal words	94
4.3	Personal pronouns	97
4.4	Numeral words	99
4.5	Obligatory inflections of finite verbs	101
4.6	Word forms of existential verbs and copula	103
4.7	Various word forms which include an adjectival root	105
4.8	Demonstrative and interrogative words	107
4.9	Case particles	109
4.10	Auxiliary verbs	111
5.1	Criteria for phoneme classification	125
5.2	Vowels	126
5.3	Consonants	127
5.4	Syllables structure and mora	128
5.5	Restrictions of slots	128
5.6	Word-level prosody	129
5.7	Word, clitic and affix (applicable: Y; not applicable: N)	130
5.8	Pronouns	132
5.9	The distinction of the functions of these forms (applicable: Y; not applicable: N)	134
5.10	Plural affixes	135
5.11	Numerals	135
5.12	Examples of verb inflection	136
5.13	Demonstrative root and derived forms	140
5.14	Interrogatives	140
5.15	Case particles	142
5.16	<i>ga/nu</i>	142

5.17	The use of the DSC (applicable: Y; not applicable: N)	147
6.1	Pronouns	162
6.2	Numerals	163
6.3	The inflectional paradigm of finite verbs	164
6.4	Inflectional paradigm of class 1 and 2 verb roots with different final phonemes	165
6.5	Existential, stative and copula inflection	166
6.6	Inflectional adjectives	167
6.7	Demonstratives	169
6.8	Interrogative morphemes	169
6.9	Case markers	172
6.10	Auxiliary verbs	174
7.1	Vowels	191
7.2	Consonants	194
7.3	Examples of words with different kernel positions	196
7.4	Morphological units	197
7.5	Personal pronouns	198
7.6	Verbal inflection	201
7.7	Verbal derivation	202
7.8	Adjective	204
7.9	Nominal adjective	204
7.10	Demonstratives	207
7.11	Paradigm of demonstrative verbs	207
7.12	Case markers	210
7.13	Tense, aspect, modality expressions	219
8.1	Differences within Izumo dialects	228
8.2	Examples of pitch pattern	230
8.3	Personal pronouns of Nita	234
8.4	Examples of each type of C-verb stem	238
8.5	Inflectional paradigms of verbs	239
8.6	The paradigm of the copular verb in Nita	241
8.7	Verbal adjective paradigm 1	242
8.8	Verbal adjective paradigm 2	242
8.9	Demonstratives and interrogatives in Nita	244
8.10	The Case particles in Nita	245
9.1	Relationships among <i>s</i> , <i>t</i> , <i>c</i> , <i>z</i> , and <i>d</i>	263
9.2	Word classes in Yanagawa	266
9.3	Personal pronouns (? indicates that the corresponding form is not attested)	267
9.4	Numerals	269

9.5	Inflection of verbs	270
9.6	Examples of consonant-final stems connected to <i>-ta</i> (PST)	272
9.7	The paradigm of the copular verb	273
9.8	The paradigms of verbal adjectives	274
9.9	Demonstratives and interrogatives	276
9.10	Case marking	277
9.11	Information-structure marking and limiter marking particles	278
9.12	Auxiliary verbs and an auxiliary verbal adjective	279
9.13	Animacy and differential subject marking	281
10.1	Alveolar obstruents and their allophonic realizations	295
10.2	T-suffixation and related ordered morphophonological rules	297
10.3	Personal pronouns	300
10.4	Numeral roots and classifier suffixes: some examples	301
10.5	Stem class	301
10.6	C-final <i>tor-</i> 'take'	302
10.7	V-final <i>hutE-</i> 'throw away'	303
10.8	C-final <i>tor-</i> 'take'	303
10.9	V-final <i>hutE-</i> 'throw away'	303
10.10	The inflection of the copula	305
10.11	Inflection of the verbal adjective <i>ama-</i> 'sweet'	306
10.12	Cases in Shiiba	311
10.13	Coverb constructions	311
10.14	Demonstrative and interrogative words	318
