Medical BoF-1st slot: Aug 25th (Thr): 14:00-15:30 local time

Title: International medical teleconference among 4 stations using DVTS

“Endoscopic treatment for early gastric cancer”

Session organizer:

Shuji Shimizu, MD, PhD
Kyushu University Hospital, Japan
shimizu@surg1.med.kyushu-u.ac.jp
tel: +81-92-642-5442
fax: +81-92-642-5857

Modulators in each station

Taipei (Dr Shimizu, Session organizer)
shimizu@surg1.med.kyushu-u.ac.jp
Fukuoka (Dr Naoki Nakashima, Kyushu U)
knakamur@intmed3.med.kyushu-u.ac.jp
Seoul (Dr Young-Woo Kim, NCC)
gskim@ncc.re.kr
Beijing (Dr Yunsheng Yang, Army General Hospital)
yangys@163bj.com or sunny888@medmail.com.cn

Objective of the session:

Different from the images for regular use, high-quality moving-image is a must for telemedicine. Doctors from four big cities in East Asia will discuss on the very advanced and patient-friendly techniques for early gastric cancer.

Session plan

- 1) Number of speakers: 4
- 2) Name and contact details of the speakers
- 3) Title and the abstract of the presentations

Programs

1. Opening remarks
Dr Hiroshi Mizushima
National Cancer Center, Japan
hmizushi@ncc.go.jp

2. Message and introduction from each station
3. Speakers and presentations:
 - 1) Endoscopic submucosal dissection in Japan
Dr. Kazuhiko Nakamura
Kyushu University Hospital, Japan
knakamur@intmed3.med.kyushu-u.ac.jp
 - 2) Therapeutic strategy for early gastric cancer in Korea
Dr. Chan Gyoo Kim
National Cancer Center, Korea
GLSE@chol.com
 - 3) Limited experience of endoscopic treatment for the early gastric cancer
Dr. Enqiang Linghu, Dr. Yunsheng Yang
Chinese PLA General Hospital, China
yangys@163bj.com or sunny888@medmail.com.cn
 - 4) Therapeutic strategy for early gastric cancer in Taiwan
Dr. I-Lin Lee
National Taiwan University
